# Matica's new chromXpert

MATICA'S NEW CHROMXPERT CONSUMABLES PROGRAM IS NOT JUST ANOTHER RIBBON!

Under the brand name chromXpert, Matica offers now a complete, comprehensive product portfolio of dye-sublimation color ribbons, monochrome (thermal transfer) ribbons, retransfer films and cleaning kits to ensure always the best possible printing quality on all Matica Secure ID Card printers.

**CHROMXPRT PREMIUM RIBBON ENCODING**  
All chromXpert XID Premium ribbons are coming with the properly encoded ribbon RFID Tag's and do not need any further measures in the Matica warehouse. The XID printers do not need any modifications - just insert the chromXpert ribbon and start printing.

**CHROMXPRT PREMIUM RIBBON AT A GLANCE**  
The chromXpert Premium ribbon portfolio is 100% compatible to the current XID ART and SRT ribbon offering and are perfect to substitute the currently sold ART and SRT ribbons for the Matica XID printer install base.  
No changes at the printer side at all.
